The future looks brighter now that the Wright State women's basketball program can see the light at the end of the tunnel. Doubling its win total from the season before, the 1991-92 squad garnered an 8-20 mark, finishing fourth in conference play, and took a large step toward the path to success. Now, the 1992-93 Lady Raiders could be looking at the program's first winning season since 1987-88.

"We are continuing to rebuild our program and are making great strides on the court as well as in recruiting," said head coach Terry Hall, in her third year with Wright State. "We have more experience this year and are looking to win at least 15 games and finish among the top three in the conference."

Heading up a group of eight returning letterwinners is a pair of seniors, center **Peggy Yingling** and forward **Melanie Taylor**. Yingling led the Lady Raiders in scoring last season with an average of 9.9 points per game and was second in rebounding with 5.6 per game. Only 16 points shy of the WSU top-10 all-time scorers list, the 6-3 Yingling should be a strong force under the basket this year. Taylor, who averaged 3.1 points and 2.0 rebounds per game, was named team Most Improved Player last year.

The backcourt sports a number of guards who could vie for time this season. Sophomore long-range bomber **Jennifer Brigner** is the second-leading returning scorer with 8.9 points per game. Redshirt

sophomore **Connie Alig** may return to the off-guard spot after sitting out last year with a knee injury. She posted 6.1 points per game during the 1990-91 season. **Shelly Meadlo**, another sophomore, averaged 5.5 ppg and 2.3 rpg off the bench last year.

Sophomore **Lori Collins**, who was named to the 1992 All-North Star Conference Newcomer Team, anchors the front court. At a diminutive 5-9, she was Wright State's top rebounder last year with 7.9 per game, while averaging 8.1 ppg. The squad's sole junior, **Melissa Reeves**, and sophomore **Tracy Nixon** should also see plenty of action.

Headlining this year's list of freshman newcomers is the 1992 Ohio High School Division II co-Player of the Year, **Anita Jurcenko**, a prime candidate for the point guard spot. Joining her is a pair of honorable-mention All-Ohio players, 6-3 center **Heidi Beal** and forward **Sonja Cecil**. Two other promising newcomers are 6-2 center **Angie Pohlman** and forward **Jewelettia Chambers**, who should both battle for time under the basket.

"We have better talent and more depth at every position this year," said Hall. "We can play many different combinations, are going to be stronger on the boards and handle the ball better in the open court. We've recruited some big, strong players who will allow us to compete with teams in our conference like Northern Illinois and Wisconsin-Green Bay."

The 1992-93 schedule features match-

ups with traditional area rivals Miami, Cincinnati, Xavier and Dayton, as well as with Big Eight power Missouri and season-opener Indiana. With the integration of the North Star teams into the Mid-Continent Conference, Western Illinois and Eastern Illinois have been added to the docket of conference games. Youngstown State is the newcomer to the Mid-Con scene, bringing the conference up to a total of nine teams.

"We have a lot of young, enthusiastic players who are ready to fight for playing time this season," said Hall. "We're going to be a much-improved ballclub, and I'm looking forward to coaching this team. They are going to be fun."

# LADY RAIDER COACHING STAFF

## Terry Hall Head Coach Third Year

After only two campaigns with the Lady Raiders, head coach Terry Hall has already made an indelible mark on the Wright State women's basketball program. She sparked the 1991-92 Lady Raiders to an 8-20 record and was named the North Star Conference Coach of the Year, the first WSU coach to receive such an

honor. As she enters her 15th year of coaching, Hall continues to prove that she knows how to direct a winner in Division I.

As the interim head coach at Eastern Kentucky, Hall guided the Colonels to a 14-6 record during the 1974-75 season. The next

season, Hall joined Louisville as the first full-time women's basketball coach at the school. She directed the Cardinals to a 12-11 mark that season—but her teams were 15-7 and 19-9 the following two campaigns. With a 17-17 record, her 1979-80 squad claimed the Metro Conference championship. In five years at Louisville, Hall tallied a 79-54 (.598) mark.

When the 1980-81 season started, Hall found herself at another school in the Bluegrass state—the University of Kentucky. In seven seasons with the Wildcats, Hall inspired her teams to register a collective 138-66 (.676) record. She led UK to records of 25-6, 24-8 and 23-5 during her first three seasons. During her stay with UK, Hall pointed her teams to five NCAA tournament journeys.

Hall earned a bachelor of science in physical education, health and recreation in 1966 from Indiana State University while playing basketball, field hockey and volleyball. She was honored with the prestigious Hillman Award in 1966 as the most outstanding female athlete at ISU. Hall completed her master's degree in education/physical education from Eastern Kentucky in 1975.

During her three-year hiatus from coaching, Hall ran her own basketball scouting service and worked as a stockbroker in Lexington, Kentucky.

Hall still has strong ties to her native Salem, Indiana. Her parents, Henry and Lucille Hall, and her sister, Judy Hall, still live in Salem. Hall's other sister, Mardee McNay, lives in nearby Columbus, Indiana.

## ASSISTANT COACHES

### **Rochelle McKenzie** Assistant Coach Second Year

Rochelle McKenzie begins her second year as full-time assistant coach for the Lady Raiders. Her primary duties include recruiting and developing the post players.

McKenzie was the assistant coach at Cleveland State for three seasons prior to coming to Wright State, following a three-year stint in the same

position at Cuyahoga Community College in Cleveland.

A Cleveland native, McKenzie, 30, played intercollegiate basketball at Moberly Junior College in Missouri and was inducted into the school's Lady Greyhound Hall of Fame in 1990. She helped guide Moberly to a national runner-up finish in 1981 and then to a national title the following year. McKenzie was also a National Junior College Athletic Association first-team All-America selection after the championship season.

### **Bob Pruett** Assistant Coach Third Year

A member of the Wright State faculty for 18 years, Bob Pruett made his collegiate coaching debut in the 1990-91 season. Although an ardent student of the game, Pruett's lone formal coaching experience before that season came from college summer camps and youth leagues.

Pruett came to Wright State in 1974

as chair of the communication department, a post he occupied for 13 years. Currently the director of the Applied Behavioral Science Program at Wright State, he also holds a spot on the Wright State Athletic Council.

A native of Pana, Illinois, Pruett earned a degree in marketing from Notre Dame in 1960. He obtained a master's degree in speech from Northern Illinois in 1963 and a Ph.D. from Bowling Green in 1970. Pruett has teaching experience at Georgia and Wisconsin.

## REVIEW

The 1991-92 season was the most successful one in three years for the Wright State women's basketball team. Finishing with an 8-20 mark overall, the Lady Raiders doubled the previous season's win total.

Perhaps the greatest improvement was in North Star Conference play. Wright State garnered a 5-7 record and a fourth-place finish, up two spots from 1990-91, and head coach Terry Hall was named NSC Coach of the Year.

The Lady Raiders opened their season with an 81-54 loss at Eastern Kentucky, but three games later notched their first win of the season, 55-53, over Austin Peay at the Mid-America Classic.

After a frustrating seven-game losing streak, Wright State

started 1992 off with a pair of victories over Evansville (84-78) and Illinois-Chicago (59-45). The Lady Raiders toppled Akron, 70-62, and added to their conference victory total with a stunning 84-69 win over Valparaiso.

The squad defeated Illinois-Chicago (65-62) a second time to bring its record to 7-14. An 82-69 win over Cleveland State was the only other victory in the last seven games of the season.

Center Peggy Yingling, named to the All-North Star Second Team, finished the season as team leading scorer with 9.9 points per game. Forward Lori Collins, an NSC Newcomer Team selection, led the Lady Raiders on the boards with 7.9 rebounds per game. As a team, Wright State set six new single-game and season-school three-point records.

# MID-CONTINENT CONFERENCE

The 1992-93 season marks the beginning of the Mid-Continent's second decade. The 11-year-old intercollegiate athletics conference boasts 10 members from four Midwestern states.

Originally formed in 1982 as the Association of Mid-Continent Conference Universities, the men's athletic league quickly evolved into one of the nation's most progressive and innovative athletic organizations, while continuing to pursue its original goal of promoting intercollegiate athletics with a strong sense of integrity.

The 1992-93 season represents an additional milestone for the Mid-Continent Conference. After a decade as a men's athletic conference, the Mid-Continent now becomes both a men's and women's athletic conference. With the addition of the former North Star Conference, the Mid-Con now sponsors 13 championship sports: men's soccer, volleyball, men's and women's cross country, men's and women's swimming and diving, men's and women's basketball, men's golf, men's and women's tennis, softball and baseball.

Charter members include Cleveland State University, Eastern Illinois University, the University of Illinois at Chicago, Valparaiso University, Western Illinois University and the University of Wisconsin-Green Bay. Northern Illinois was admitted in 1989, Wright State University and Youngstown State University in 1991-92, and the University of Wisconsin-Milwaukee in 1992-93.

A firm believer in the concept of the student-athlete, the Mid-Con has joined forces with True Value Hardware to create an academic recognition program for both individual student-athletes and member institutions.

The league has also developed a very innovative and creative marketing program designed to complement the conference's goals and objectives. One such program is SportsCheck—a 30-minute weekly television show aired on SportsChannel. The

program explores issues relevant to sport and society, such as drug testing, alcohol abuse, academic integrity, ethics and recruiting.

The league also sponsors a quarterly news publication, several luncheons, marketing, promotions, sports information, compliance seminars and media caravans.

# WRIGHT STATE UNIVERSITY

An exciting and expanding metropolitan university, Wright State University offers over 17,000 students approximately 100 undergraduate majors, over 30 graduate programs and programs of study for the Ed.S., M.D., Psy.D. and Ph.D. degrees. Located about 12 miles northeast of Dayton, Ohio, Wright State takes a leadership role in the educational, social, cultural and economic development of the region. As a result, students can obtain hands-on learning experiences through the university's link to area corporations, community programs and government.

Through the university's five colleges and four schools, Wright State offers innovative programs in a variety of fields, including Ph.D. programs in biomedical sciences and in psychology, the only civilian aerospace medicine program in the country, a post-master's educational specialist degree program and the only combined computer science and engineering Ph.D. program in the state. Associate and prebaccalaureate degree programs are offered at the Wright State University-Lake Campus located near St. Marys and Celina, Ohio.

The university offers 14 Division I intercollegiate athletic programs, and many students participate in intramural sports programs. The new Ervin J. Nutter Center, a state-of-the-art sports and

entertainment complex, and other recreational facilities are available to students on a daily basis. Besides intercollegiate athletic events, the Nutter Center hosts convocation, concerts and other cultural and entertainment events, seating from 3,000 to 13,000.

About 160 student organizations and clubs make campus life exciting and stimulating. The university attracts internationally acclaimed musicians, performers and artists through the Artist Series programs and the Dayton Art Institute Museum of Contemporary Art. Residential living on Wright State's 557-acre main campus offers an added dimension to the active community campus life. Over 1,700 students live on campus, which offers three styles of campus living: traditional dormitory, suite-style, and apartment. An extensive tunnel system provides an underground link to campus buildings, whose modern architecture is nationally known for being completely accessible to people with disabilities.

Financial aid is available for basketball student-athletes. On-campus housing is also available; interested students are encouraged to apply early.

Wright State is an equal opportunity/affirmative action institution. For more information about Wright State, call the Office of Admissions at 513/873-2211.

# WRIGHT STATE'S PRESIDENT

## Paige E. Mulhollan

Wright State's third president, Paige E. Mulhollan, arrived at the university in 1985 from Arizona State University, where he held the position of executive vice president. He originally served Arizona State University in 1978 as provost, vice president for academic affairs and professor of history. In 1981, Dr. Mulhollan was named executive vice president.

From 1973 to 1978, Dr. Mulhollan was dean of arts and sciences and professor of history at the University of Oklahoma. Before his appointment there, he was associate dean of arts and sciences and associate professor of history for three years at Kansas State University.

In 1966, Dr. Mulhollan earned a Ph.D. degree in history from the University of Texas at Austin. During the 1968-69 school year, he conducted more than 125 oral history interviews relating to the Lyndon B. Johnson administration and American foreign policy in the 1960s. This material, held under copyright by the National Archives, is currently located in the Johnson Library in Austin, Texas.

Dr. Mulhollan is a consultant-examiner for the North Central Association and a member of many professional and national associations and commissions. He was also selected to represent Division II on the NCAA Presidents Commission. The commission, a 44-member body, provides college presidents the opportunity to have a direct voice in NCAA legislation. Dr. Mulhollan first served on the commission in January 1986 and continued until September 1987, when Wright State jumped to the Division I level.

In addition to his work within the university, Dr. Mulhollan is active in the Dayton metropolitan community. He currently serves on the boards of the Dayton Area Chamber of Commerce, Greater Dayton Public Television, Miami Valley Research Foundation and the Dayton Art Institute.

Dr. Mulhollan maintains an active work schedule but is adamant on remaining healthy. His practice of lunch-time jogging reflects his belief in the importance of physical and mental fitness. His wife, Mary Bess, has a variety of interests including field botany, bird watching, nature photography and ceramics. Dr. and Mrs. Mulhollan enjoy walking their two golden retrievers and, when time permits, sailing their boat on Lake Erie. Sailing trips to the Caribbean also spark the Mulhollans' interest. Dr. and Mrs. Mulhollan have two sons, ages 32 and 34, and three grandchildren.

Dr. Mulhollan will retire from Wright State University in 1994.

## Michael J. Cusack

With Wright State's transition to Division I fully complete after five successful years, athletic director Michael J. Cusack certainly deserves to reflect on the program's growth since he came to Dayton in April 1982. But don't expect him to rest on his laurels. Ever.

One of the major forces behind the move to Division I, Cusack continues to press forward with several major projects, including the department's move into the Ervin J. Nutter Center in 1990. In addition to assisting with the design of the athletic components of the building, Cusack formed the Director's Club, a committee of prominent business and community leaders who are selling premium seats in the new arena. Long-time Miami Valley sports promoter Edgar "Lefty" McFadden is heavily involved in that campaign. Cusack also has formed the new Athletic Director's Club to generate scholarship monies.

Guiding new ideas is nothing new to Cusack, who engineered several successful projects that helped make Wright State one of the most successful Division II programs in the country. One of his first projects was the formation of the Pacesetter Club, whose goal is to raise money for the department for both operating funds and grants-in-aid. The Pacesetters also form the nucleus of support at home basketball games. They enjoy special parking privileges and have the use of the Berry Room at halftime and after games. Another Cusack project was the addition of 600 theatre-type seats in the P.E. Building. The seats were occupied primarily by season ticket holders and gave the Physical Education Building a prestigious look.

In 1986, he helped design and unveil Rowdy Raider, the first official mascot of the university. The mascot appears on wearing apparel, athletic letterheads and spirit items.

The university continues to present a well-rounded program under Cusack's leadership. The university offers seven sports for men and seven for women. The student-athlete concept has prospered under Cusack's leadership. He hired an academic advisor for the program and stresses the importance of success in the classroom with his coaching staff. He also instituted a drug education and testing program designed to help diagnose and rehabilitate potential abusers. In addition, he designed a community awareness program that carries a "Say No to Drugs" campaign to area youth.

Success has been no stranger to Wright State's athletic programs since Cusack's arrival. The men's basketball team won the national championship less than a year after he took over as director of athletics. Since then, the men's program has made two NCAA regional appearances, including the 1986 tournament that Wright State hosted. The wrestling squad and men's and women's swim teams all made appearances in the Top 10 at the NCAA Division II championships. The baseball team made three regional tournament appearances, including a 1987 second-place finish at the College World Series. Also in 1987, the women's basketball

program earned its first NCAA regional tournament bid, and the golf team was selected for the NCAA championships four years after the sport was reinstated to varsity status.

Cusack came to Wright State after spending four years as the director of athletics at Mercyhurst College in Erie, Pennsylvania. His major achievement at Mercyhurst was guiding the school from NAIA to NCAA Division II membership. He also headed a project in 1981 to add a Division III football program. In its first year, the project sold more than 700 season tickets.

A native of Levittown, New York, Cusack earned his Bachelor of Science degree in physical education from Long Island University in 1964. He received his Master of Science degree in physical education from Queens College in 1969 and an Ed.D. degree in 1980 from New York University in administration of physical education and athletics.

Following graduation in 1969, Cusack spent nine years at Queens College as a member of the physical education faculty. He served as head baseball coach, assistant basketball coach and assistant athletic director. His baseball teams had a combined record of 65-27 with teams appearing in postseason tournaments each of the four years. He was inducted into the Athletic Hall of Honor at Queens in December 1986.

Cusack and his wife, Dorothy, live in Beavercreek. The couple has five children: Michael, 26; David, 24; Jennifer, 23; Kristen, 22; and George, 17. They have two grandchildren.

# DAYTON

Dayton's list of firsts that have changed the world is remarkable and reflects a stimulating intellectual environment. From the Wright brothers' first flight experiments in their Dayton bicycle shop to the invention of the first self-starting automobile ignition system by Charles F. Kettering, Dayton has a strong tradition of encouraging innovation, excellence and service to humanity. Nearly one million residents, nine Fortune 1,000 companies and Wright-Patterson Air Force Base call Dayton's metropolitan area home.

This community of people cares about each other and is concerned about preserving the natural beauty and fascinating history of their surroundings. Located in southwestern Ohio's Miami Valley at the confluence of the Great Miami, Stillwater and Mad Rivers, Dayton is a picturesque combination of rolling hills, flowing waterways and open spaces. Dayton boasts more green area than any U.S. city its size. Over 35,000 acres of parks, nature preserves and other greenery beckon you to enjoy your favorite outdoor activities. A popular river corridor along the Great Miami River offers 26 scenic miles of walking, jogging and cycling.

Dayton welcomes its visitors with big-city amenities and small-town, midwestern friendliness. Over 100 festivals and the United

States Air and Trade Show, a four-day celebration of flight, delight visitors from all over the nation. Known as the birthplace of aviation, Dayton is also the home of the United States Air Force Museum, the world's largest military aviation museum.

Cultural activities also delight visitors and residents. The Dayton Ballet Company is the nation's second-oldest regional company, and the Dayton Contemporary Dance Company is now in its 19th year. The Dayton Philharmonic Orchestra has been performing for over 40 years and the 70-year-old Dayton Art Institute houses an internationally acclaimed collection of paintings, sculpture and decorative art spanning many cultures and time periods.

Dayton also offers an exciting nightlife, which includes the Oregon Historical District. This quaint community of restored homes, lofts and apartments bustles with an exciting mixture of shops, restaurants and nightclubs. Pubs and ethnic restaurants line the district's brick streets and make visitors feel like regulars.

Dayton's central location among Columbus, Cincinnati and Indianapolis put within easy driving major collegiate and professional sports activities, cultural events and other recreational opportunities.

Dayton has continually attracted interesting, innovative and energetic people who have made a difference in the world.

# MEDIA INFORMATION

This media guide is designed to assist your coverage of the Wright State University women's basketball team. Additional information can be obtained by contacting the sports information office at 513/873-2771.

**Credentials:** Season credentials for men's and women's basketball will be available to the local beat reporters and columnists, as well as to the local television stations, prior to the opening game. Season passes are also available to the local newspaper photographers. Game-by-game credentials should be requested at least three days in advance and will be held at the Will Call window at the Nutter Center box office.

**Parking:** Season parking passes will also be available for the local media before the opener. Press parking is in a designated area behind the building. Parking requests for an individual game should be made as far in advance as possible.

**Photographers:** Still photographers are limited to working the endlines of the court. Video camera operators may also use the endlines or shoot from the concourse level behind the endlines. Visiting teams may shoot video from the platforms near midcourt but must alert the sports information office beforehand. Team videographers will not be allowed on platforms during games televised locally, but the concourse is available for use, or the television center can provide a video tape of the game if a blank tape is provided in advance.

**Radio:** Permission to broadcast games from the Ervin J. Nutter Center must be granted by the sports information office. A phone line is available along press row for the official station of the visiting team at a cost of \$50 per game. Unless specified otherwise, space on press row will be allocated for a broadcast crew of two.

**Television:** All requests for televising Wright State basketball games should be directed to Dr. Michael J. Cusack, director of athletics.

**Press Room:** A press room is located on the court level just outside the open end of the horseshoe-shaped arena. Counter space and phone lines are available for writers.

**Services:** Programs and season statistics will be available to the media prior to each game. Visiting teams will also be encouraged to distribute their information to the press. A complete NCAA box score and play-by-play will be distributed following the contest. Halftime box scores will be available at intermission.

**FAX:** A FAX machine is available for use by the media and by visiting teams as requested. The FAX machine is located on the third floor in the sports information office.

**Interview Policy:** Coach Hall conducts open practices and media members are permitted to observe. Practice time is routinely from 1 to 3 P.M. and interviews may be requested of the players or coaches before or after those times. Press members should not solicit interviews during practice time or during the day of a game. The sports information office will set up interviews with players, if requested two or three days in advance. To speak with Hall, contact the basketball office at 513/873-2771. A good time to reach Hall is between 10 A.M. and noon.

**Postgame Interviews:** Following an NCAA-recommended "cooling off" period of 10 minutes, Hall will be available for the media. If demand warrants, Wright State players and the opposing coach will also be brought to the media for interviews. It is up to the discretion of the visiting coach to make opposing team members available.

**Sports Information Personnel:** Last May, Bob Noss joined the staff as sports information director. He is assisted by the following students: Mindy Bishop, Fern Ratchford, Dave Guenther, Doug Rentz, Laney Baldwin and Amy March.

## THE ERVIN J. NUTTER CENTER

In the fall of 1990, the entire Wright State University athletic department moved into a shining, new multi-purpose facility—the Ervin J. Nutter Center, a state-of-the-art sports and entertainment complex that seats 10,632 for basketball.

In addition to hosting intercollegiate athletic events, the arena hosts convocations and concerts. Impressive amenities include 14 corporate boxes overlooking both sides of the court. Each box provides seating for 12, private restrooms, closed-circuit television and wet bar capabilities. The John W. Berry, Sr., Room overlooks the endline of the court and serves as the headquarters of the Pacesetter Club on game nights. The C. J. McLin, Jr., Gymnasium provides additional playing floors for athletic practices and facilities for physical education instruction and recreational activities. The McLin Gym also hosts athletic events requiring less than 500 seats.

Along with holding the intercollegiate athletic offices, the Nutter Center also houses the team locker rooms and training facilities, and the offices and programs of the Department of Health, Physical Education and Recreation. Educational facilities for general use by students, faculty, staff, alumni and the community are also provided. A highly visible site is where the center is located—at the corner of Colonel Glenn Highway

and North Fairfield Road, right off I-675.

Funding for the center came from a \$4 million appropriation from the State of Ohio and a \$1.5 million donation from Ervin J. Nutter, an area business leader and former member of the Wright State Board of Trustees. Also, an increase in student fees permitted bond financing of the sports/students activities complex. In addition, the Director's Club, a committee of community business leaders, sold premium seat packages in the new arena.

Construction began on March 14, 1989, with the Shook Building Group as the general contractor on the project. KZF Inc., an architectural firm from Cincinnati, led the project design. Assisting with the design was Hellmuth, Obata and Kassabaum's (HOK) Sports Facility Group, the only architectural firm in the country whose practice is devoted solely to the programming, design and development of athletic facilities. HOK has been involved with the development of the Truman Sports Complex in Kansas City, Giants Stadium, the Silverdome, the Hoosier Dome/Indiana Convention Center and Joe Robbie Stadium in Miami. Ogden Allied Entertainment Services is the private management company for the Nutter Center.
